COUNTY SHOPPER GUESS WHO

I am a pop singer born in Ireland on September 13, 1993. I performed with my church choir as a youth and listened to Frank Sinatra and Dean Martin at home. I found success with a boy band for several years and later signed as a solo artist.

HOROSCOPES

ARIES - MAR 21/APR 20
 Attention to detail is very important this week, Aries. Be sure not to lose your focus as things you do will be highly scrutinized by others. Ask a third party to check your work.

TAURUS - APR 21/MAY 21
 Give others room to breathe and respect how they're feeling in certain situations, Taurus. Just because you feel comfortable doesn't mean others will as well.

GEMINI - MAY 22/JUN 21
 Gemini, reminisce about those people with whom you had strong connections. If you lost touch, this can be a great time to rekindle relationships and move forward.

CANCER - JUN 22/JUL 22
 Feel out the crowd and make adjustments to the way you interact with others based on the vibe you're getting, Cancer. If people are outgoing and boisterous, follow suit.

LEO - JUL 23/AUG 23
 Maintain a positive outlook in regard everything you encounter this week, Leo. A positive perspective can make all the difference when a lot is on your plate.

VIRGO - AUG 24/SEPT 22
 Virgo, a quest to discover something new about yourself could prove fruitful. Take an introspective approach to the next few days and be ready to learn something new.

LIBRA - SEPT 23/OCT 23
 This could be an extremely creative week for you, Libra. Afford time for artsy pursuits and you may be surprised at what you can create. You may discover a new passion.

SCORPIO - OCT 24/NOV 22
 Scorpio, you're not typically one who excels with last-minute details. Therefore, start planning on an upcoming event and make sure you have all of your ducks in a row.

SAGITTARIUS - NOV 23/DEC 21
 Listen to your emotions, Sagittarius. While you tend to deal with situations by acting rationally, this time around you may have to go with your gut and your heart.

CAPRICORN - DEC 22/JAN 20
 This is a week to sit back and slow down. Channel summer vibes even if it's not quite summer any longer, Capricorn. If you didn't have a chance to get away, do so this week.

AQUARIUS - JAN 21/FEB 18
 Your nurturing instincts are on alert, Aquarius. This is an excellent time to tell someone you care about that you're always available for him or her. Reach out soon.

PISCES - FEB 19/MAR 20
 Good times are ahead, Pisces. Keep an open mind and embrace any opportunity to do something good for others.

Franklin Community Education Fund Bake Sale

Those that are serious about whipping up baked goods are invited to consider contributing to the Franklin Community Education Fund annual bake sale.

The outdoor event will be held on Friday, Sept. 24, behind Wayne Bank on Main Street near the train museum. The bake sale proceeds will be used to purchase school supplies, sponsor upcoming school events and more.

Those who wish to donate homemade baked treats before the sale on the day of the event between 8 - 9 a.m. are appreciated.

Come to buy, come to donate, or just drop in to say hello and enjoy the community spirit that makes Franklin special, while supporting Franklin Central School.

WE'RE HIRING!

The Watershed Agricultural Council (WAC), is a non-profit organization with a commitment to promote the economic viability of agriculture and forestry, the protection of water quality, and the conservation of working landscapes through strong local leadership and sustainable public-private partnerships. WAC offers an excellent benefits package including but not limited to 8% employer contribution to 403(b) pension; health, dental and vision insurance (employer pays 95% of cost of plan); and portable term life insurance policy. WAC is pleased to invite applicants to the positions listed below:

Executive Director: The Executive Director serves as the Chief Executive Officer responsible for day-to-day management, supervision and administration of all Watershed Agricultural Council (WAC) programs and for management of Watershed Agricultural Council (and affiliate's) resources. The Executive Director reports to the Council and is responsible for the organization's consistent achievement of its mission as well as strategic and financial objectives. Salary: \$130,000 - 150,000.

Finance Director: The Finance Director serves as the Chief Financial Officer responsible for overseeing, directing and administering all financial operations of the Watershed Agricultural Council (WAC) and its affiliate, the WAC Conservation Easement Stewardship Endowment Fund. This position works closely with all Department Directors and Program Managers and serves as a member of the executive team. The Finance Director is a strategic partner who ensures that the organization's long-term and short-term financial objectives are achieved. Salary: \$100,000 - 120,000.

Staff Accountant - Controller: The Staff Accountant - Controller will be part of the WAC Finance Department. This position shall work closely with all Department Directors and Program Managers as needed and be an integral piece in the overall financial management of the organization. Salary: Low \$50,000s.

Payroll, Fringe Benefits and Data Administrator: The Payroll, Fringe Benefits and Data Administrator will perform the duties of managing and processing the payroll and fringe benefits of the organization. The Payroll, Fringe Benefits and Data Administrator will be part of the WAC Finance Department and accounting team. This position shall work closely with all Department Directors, Program Managers and employees as needed. Salary: High \$50,000s.

Position descriptions with complete qualifications and responsibilities are available by visiting <http://www.nycwatershed.org/careers>.

To apply: Send cover letter and resume to:
Amy Faulkner, Watershed Agricultural Council
33195 State Highway 10
Walton, NY 13856
or e-mail afaulkner@nycwatershed.org.
Application materials must be submitted specific to a position. EOE.
Review of applications will begin October 15, 2021.

How To Maintain Hardwood Floors

Hardwood floors have long been sought after by home buyers. In its 2019 "Remodeling Impact Report," the National Association of Realtors® revealed that new wood flooring was the fourth most popular project to attract buyers.

Of course, hardwood floors aren't just for buyers. Homeowners who already have hardwood floors know just how impressive these floors can be, especially when they're well maintained. Maintaining wood floors is not necessarily as straightforward as it may seem, and homeowners may benefit from a tutorial on how to keep the floors under their feet looking good.

To polish or not to polish?

Polishing floors is an inexpensive way to keep them looking good. But the home improvement experts at BobVila.com note that not all floors can be polished, and determining which ones can depends on the finish. Floors with waterproof barriers such as urethane will benefit from routine polishing. However, floors with penetrating finishes like tung oil will need to be waxed rather than polished.

What finish is on the floor?

The Hardwood Distributor's Association recommends a simple way for homeowners to determine which type of finish is on their hardwood floors. Homeowners are advised to rub a finger across the floor. If no smudge appears, then the floor is surface sealed. If a smudge is created, then the floor has been treated with a penetrating seal. The HDA also notes that recently installed wood floors are likely surface sealed.

How often should floors be polished or waxed?

Wood flooring professionals recommend polishing floors that can be polished once every few months. Waxing wood floors does not need to be done as frequently, and most can benefit from a fresh coat of wax every 12 to 18 months.

What can I do on a daily basis?

Some simple tricks and daily maintenance can help wood floors maintain their impressive look.

Utilize floor mats.

The HDA notes that floor mats near entryways can reduce the time it takes to clean hardwood floors and reduce the wear and tear they endure. For example, tiny particles like dirt can scratch the floor and contribute to the kind of minor damage that adds up to significant scarring over time.

Floor mats near entryways ensures that most of that dirt never makes it to the wood floors.

Vacuum without a beater bar. Some vacuums contain beater bars, which are designed to pick up human hair, dog hair and other things that conventional vacuums may not be able to pick up. The HDA advises vacuuming without the beater bar, as it can contribute to small scratches in the floor. Sweeping with a high-quality broom or microfiber cloth is another way to pick up dirt without damaging floors.

Use manufacturer-recommended cleaning products. Local home improvement stores sell a host of hardwood floor cleaning products, but the HDA notes that many flooring manufacturers now sell their own hard-

wood floor cleaners designed specifically for their floors. These products are likely homeowners' best bets. Homeowners who can't find them can seek recommendations from a local flooring retailer.

Hardwood floors are attractive for many reasons. And they look even more stunning, and last much longer, when homeowners make an effort to maintain them.

Simple Ways To Improve A Kitchen Pantry

People have been spending more time at home in 2020 than in years past, and certain projects around the house have become a priority. One home improvement idea that serves the double benefit of creating organization and making cooking at home more efficient is to reimagine the kitchen pantry.

A pantry is a room or closet where food, beverages and linens or dishes are stored. Pantries can be highly useful spaces that provide ancillary storage in kitchens. Many modern homes are equipped with

pantries, but older homes may require some modification to create more useful pantries. Whether starting from scratch or modifying an existing pantry, these tips can help projects go more smoothly.

Maximize vertical storage. Utilizing vertical areas can help increase storage capacity. Build in extra nooks by investing in undershelf storage baskets. These baskets can instantly create designated areas for different types of ingredients. Homeowners also can look for ways to use the inside of cabinet doors or add extra shelves on walls or in eaves.

Consider your needs. Figure out which items

continued from page 8
you would like to store in the pantry and then shop for corresponding storage systems. For example, storage solutions may feature wine bottle racks, baskets for potatoes and other produce, shelving for small appliances, and even pull out racks for baking pans or cutting boards.

• **Use clear storage.** Put ingredients in clear, airtight containers of similar dimensions so that you can easily find items you need. Transfer bulky items, like cereals and baking supplies, to storage containers for uniformity.

• **Store bulk items elsewhere.** Bulk shopping can be cost-efficient, but bulk items can quickly eat up real estate in the pantry. Designate another area for non-perishable bulk products, like paper goods or canned items, such as in a garage or utility room.

• **Pull out drawers are convenient.** Pull-out drawers can reduce the need to seek and reach for items. These drawers conveniently roll out so items in the back can be accessed without disturbing foods in the front. Drawers can be custom built for any pantry space.

• **Make it accessible.** Think about who will be taking items from the pantry. Put children's snacks on the bottom pantry shelf where they can reach them, and then organize other shelves for adults in the home.

A pantry remodel can add valuable storage space and make one of the busiest rooms in the house operate more efficiently.

Charge Up Your Car Battery Knowledge

Vehicles consist of many essential components to keep them running efficiently and effectively.

Car batteries are an important component of any vehicle. Even though engines are the powerhouse of any car or truck, without a battery, the engine wouldn't be able to work.

batteries work by providing a jolt of electricity necessary to power all the electrical components of the vehicle.

The battery also works in conjunction with the alternator to power the electronics in the car, according to the automotive information blog Autosessive.

recharging it as a result. This happens during long journeys, so people who drive for short bursts of time may find that their batteries will not have a chance to recharge and may not have the longevity desired.

There is quite literally a lot riding on a functioning battery. No one wants to be caught stranded by a dead battery, so drivers may wonder if there are any indicators that may signal the battery needs replacement.

• Slow turnover: If a vehicle does not immediately start or if the cranking is sluggish and takes longer to start, it may mean the battery is starting to fail.

• Frequent, short trips:

Drivers who make frequent, short trips may find their car batteries do not have time to fully recharge.

• Low battery fluid levels: If the fluid level is below the energy conductor inside, it is often indicative of overcharging and excessive heat.

• Corrosion: Corrosion buildup, dust, dirt, and grime on battery connections may cause performance problems.

COUNTY SHOPPER GUESS WHO ANSWER

Niall Horan

• Odors and leaks: Battery leaks can produce a sulfur odor similar to the smell of a rotten egg.

• Age: Most batteries have a finite life span. A well-maintained battery can last up to five years.

glact can reduce that life expectancy considerably.

• Bloated or cracked battery case: Replace the battery immediately if the case is cracking, as it could be because excessive heat is swelling the battery.

Understanding how car batteries work can help drivers keep their cars running smoothly.
